

Whatever the weather

We will be learning about different types of weather and seasonal changes.

For our creative curriculum showcase your child could:

- Write a weather report.
 - Draw a weather map.
 - Create a snow globe.
- Write facts and draw a picture of their favourite type of weather.
 - Complete a weather experiment and then write/photograph/draw about what they did. There are some ideas on <https://www.metoffice.gov.uk/learning/weather-for-kids/experiments>
 - Keep a weather diary over a period time (a week, a fortnight or a month) and write about the changes that they notice.
- Or any ideas that you may have related to the weather!

Please can the work be no larger than A3 and be brought in during the week beginning the 19th February 2018. Any queries please let us know! The Creative Curriculum showcase is Friday 23rd February 2018 at 2.30pm
